Schedules of Programs, Management & General and Fundraising	11

## INDEPENDENT ACCOUNTANT'S COMPILATION REPORT

To the Board of Trustees of  
Team Africa Rising, Inc.

Management is responsible for the accompanying financial statements of Team Africa Rising, Inc., (a nonprofit organization), which comprise the statement of financial position as of December 31, 2017, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

The supplementary information contained in the schedules of programs, management & general and fundraising is presented for purposes of additional analysis and is not a required part of the basic financial statements. This information is the representation of management. The information was subject to our compilation engagement; however, we have not audited or reviewed the supplementary information and, accordingly, do not express an opinion, a conclusion, nor provide any assurance on such supplementary information.

**TEAM AFRICA RISING, INC.**  
**NOTES to the FINANCIAL STATEMENTS**  
**DECEMBER 31, 2017**

**Note 1. Summary of Significant Accounting Policies**

**A. Organization and Nature of Activities**

Team Africa Rising, Inc. (formerly Team Rwanda Cycling, Inc.) is a not-for-profit organization incorporated under the laws of the state of Nevada. The organization seeks to educate and give adults training in cycling to help them compete in national and international competitions, including but not limited to the Olympics, while instructing youth in amateur cycling fundamentals.

**B. Basis of Accounting**

The financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenues are recognized when earned and expenses are recognized when incurred.

**C. Financial Statement Presentation**

The net assets of Team Africa Rising, Inc. and changes therein are classified and reported as follows:

Unrestricted Net Assets - Net assets that are not subject to donor-imposed restrictions.

Temporarily Restricted Net Assets - Net assets subject to donor-imposed restrictions that may or will be met, either by actions of the organization and/or the passage of time.

Permanently Restricted Net Assets - Net assets that are subject to segregation due to stipulations determined by the donor or the organization's governing board.

**D. Significant Programs**

Team Africa Rising, Inc.'s significant program is as follows:

Amateur Sport Education - Provide training in cycling fundamentals, conduct monthly training for national and international racing competitions.

**E. Estimates**

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**TEAM AFRICA RISING, INC.**  
**NOTES to the FINANCIAL STATEMENTS**  
**DECEMBER 31, 2017**

**Note 1. Summary of Significant Accounting Policies (continued)**

**F. Fair Value Measurements**

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the organization has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in active markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The donated services, assets, and use of facilities recorded by Team Africa Rising, Inc. have been recorded at fair values, based on management's estimate of fair value from comparisons of similar assets or services or from the value as provided by the donor. This is considered Level 2 of the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain donated services, assets and use of facilities could result in a different fair value measurement at the reporting date.

**G. Cash and Cash Equivalents**

For the purposes of the statement of cash flows, cash includes cash on hand, demand deposits, money markets and investments with initial maturities of three months or less.

**TEAM AFRICA RISING, INC.**  
**NOTES to the FINANCIAL STATEMENTS**  
**DECEMBER 31, 2017**

**Note 1. Summary of Significant Accounting Policies (continued)**

**H. Foreign Currency Translation**

Team Africa Rising, Inc. maintains separate accounting records in the local currency. The financial statements are translated into U.S. dollars using period-end exchange rates for assets and liabilities and weighted-average exchange rates for support, revenues and expenses. Adjustments resulting from translating net assets are reported in the statement of activities with the expenses of Team Africa Rising, Inc.

**I. Property, plant and equipment**

Fixed assets with estimated useful lives greater than one year and a value greater than \$500 are recorded at cost if purchased or fair market value if donated. Depreciation is calculated on the straight-line method over the estimated useful lives of the assets, which range from 3 to 39 years.

**J. Contributed property and equipment**

Contributed property and equipment is recorded at fair value at the date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulations, contributions of property and equipment are recorded as unrestricted support. Contributions of cash and other assets received with a restriction that they be used to acquire fixed assets are initially recognized as temporarily restricted revenues. The restrictions on those contributions expire when the fixed assets are placed in service, and the net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

**K. Support and Revenue**

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. If a restriction is fulfilled in the same time period in which the contribution is received, Team Africa Rising, Inc. reports the support as unrestricted. Otherwise, when a restriction expires, (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

**L. Functional Expenses**

Expenses are charged directly to programs, management & general, or fundraising based on a combination of specific identification and allocation by management.

**TEAM AFRICA RISING, INC.**  
**NOTES to the FINANCIAL STATEMENTS**  
**DECEMBER 31, 2017**

**Note 1. Summary of Significant Accounting Policies (continued)**

**M. Income Taxes**

Team Africa Rising, Inc. is a nonprofit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Contributions to the organization are tax deductible to donors under section 170 of the Code. Team Africa Rising, Inc. is not classified as a private foundation. The organization is required to file annual tax returns; the years 2014, 2015, 2016 and 2017 are subject to examination by the IRS, generally for three years after they were filed.

**N. Concentrations of Risk**

The majority of Team Africa Rising, Inc.'s contributions and fundraising assets are received from corporations, foundations, and individuals located in the United States of America. As such, the organization's ability to generate resources via contributions and grants is dependent upon the economic health of that area. An economic downturn could cause a decrease in contributions even though the demand for services remains the same or greater.

**O. Promises to Give**

Contributions are recognized when the donor makes a promise to give to the organization that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

The organization uses the allowance method to determine uncollectible promises receivable. The allowance is based on prior years' experience and management's analysis of specific promises made. For the year ended December 31, 2017, no allowance was determined to be necessary.

**Note 2. Property and Equipment**

Major classes of property and equipment and accumulated depreciation are as follows at December 31, 2017:

Building	\$ 70,779
Bicycles	104,041
Equipment	<u>32,570</u>
	207,390
Less accumulated depreciation	<u>(101,148)</u>
Total property and equipment	<u>\$ 106,242</u>

Depreciation expense for the year ended December 31, 2017 was \$36,693.

**TEAM AFRICA RISING, INC.**  
**NOTES to the FINANCIAL STATEMENTS**  
**DECEMBER 31, 2017**

**Note 3. Temporarily Restricted Net Assets**

There were no temporarily restricted net assets as of December 31, 2017.

**Note 4. Permanently Restricted Net Assets**

There were no permanently restricted net assets as of December 31, 2017.

**Note 5. Subsequent Events**

These financial statements have been updated for subsequent events occurring through April 16, 2017, which is the date these financial statements were available to be issued.

Team Africa Rising, Inc. will be transitioning all assets within the country of Rwanda to the government of Rwanda in the second quarter of 2018. This process will finalize the day to day operations by the organization within the nation of Rwanda. The organization will continue to provide sponsorship assistance to the Rwandan Cycling Federation in accordance with current contracts on the condition of continued compliance with the stipulations stated in the contracts. The organization will also offer access to coaches, mechanics and additional sponsorship to the local clubs of Rwanda.

The organization will begin testing the model formed in Rwanda with other countries and adapting the model to continue to grow cycling on the African continent. Currently, the organization has traveled to Nigeria to assess the opportunities within the country with the intention to extend its reach into Zambia and South Africa pending exploratory travel to these countries.

The organization will also assist individual cyclists from any country to reach their goals of achieving at the professional level. This assistance may include sponsored equipment, plane tickets, visa assistance and training support. Athletes and mechanics the organization has assisted in 2017 have come from Algeria, Eritrea, Ethiopia, Nigeria, Botswana, Kenya, Uganda and the Democratic Republic of Congo.
